5. Policy Statement

Austra College is committed to ensuring that all international students have the opportunity and support to complete their qualification within the expected duration recorded on their Confirmation of Enrolment (coe).

This policy establishes a structured approach to monitoring course progress, identifying students at risk, implementing intervention strategies, and reporting unsatisfactory progress where required.

Pre-Commencement Information

Before course commencement, Austra College will inform students of:

- ✚ Course progress monitoring requirements
- ✚ Study period expectations
- ✚ Intervention strategies
- ✚ Reporting obligations.

This information will be provided through:

- ✚ The Written Agreement / Letter of Offer

- ✚ Student orientation
- ✚ The Student Handbook.

Monitoring Academic Progress

Student course progress is monitored through:

- ✚ Monthly progress checks conducted by trainers and student support staff
- ✚ Formal quarterly course progress reviews.

Monitoring includes review of:

- ✚ Assessment submissions
- ✚ Unit completion outcomes
- ✚ Student engagement
- ✚ Placement progress where applicable.

All outcomes are recorded in the Student Management System (SMS).

The training timetable aligns with the Training and Assessment Strategy (TAS) to ensure that students remain on track to complete the course within their coe duration.

Monitoring Standard Units

For units that do not require work placement: A student is considered to be making satisfactory progress when the unit is marked Competent (C) by the end of the study period scheduled on the training timetable.

A student may be identified as At Risk where:

- ✚ The unit is not completed within the scheduled study period
- ✚ The student receives a Not Yet Competent (NYC) outcome
- ✚ Required assessments are not submitted.

Monitoring Placement Units

Placement Units consist of two components.

Stage 1 — Theory Assessment: The theory assessment must be completed before the student commences work placement.

Stage 2 — Workplace Practical Assessment: The practical component is assessed during or after the work placement period.

Course progress monitoring for Placement Units includes:

- ✚ Completion of theory assessments prior to placement
- ✚ Confirmation that work placement has commenced
- ✚ Completion of workplace practical assessments following placement.

A student may be identified as At Risk where:

- ✚ Theory assessments remain incomplete before placement
- ✚ The student is not placement-ready

- ✚ Work placement does not commence as scheduled
- ✚ Workplace practical assessments remain incomplete following placement.

A Placement Unit is considered fully complete only when both theory and workplace practical assessments are marked Competent.

Intervention Strategies

Austra College will proactively identify and support students who are At Risk.

Intervention strategies may include:

- ✚ Additional academic support
- ✚ LLND support
- ✚ Tutoring or mentoring
- ✚ Revised assessment schedules
- ✚ Counselling referral.

Each intervention will be documented through an Individual Intervention Plan (IIP).

Reporting Unsatisfactory Course Progress

A student may be considered to have unsatisfactory course progress where they fail to achieve satisfactory course progress across two consecutive study periods while an intervention plan has been implemented.

Where this occurs the College will:

- ✚ Issue a Notice of Intention to Report (NOIR)
- ✚ Provide the student with 20 working days to access the Complaints and Appeals process.

The student will only be reported through PRISMS where:

- ✚ The student does not access the appeals process within the required timeframe; or
- ✚ The appeals process confirms the College decision; or
- ✚ The student withdraws from the appeals process.

Course Duration Extensions

Austra College may extend a student's course duration only where:

- ✚ Compassionate or compelling circumstances exist
- ✚ An intervention strategy has been implemented
- ✚ An approved deferment or suspension has occurred.

Any variation to course duration will be reported through PRISMS, and the student will be advised to contact the Department of Home Affairs regarding potential visa implications.

Compliance and Student Advice

Where a student's enrolment duration changes, Austra College will advise the student in writing to contact the Department of Home Affairs to determine whether a new student visa is required.

All advice regarding visa implications and reporting obligations will be documented.
