Human Rights and Student Protections

Australia is committed to protecting and promoting human rights both nationally and globally. The Australian Human Rights Commission is an independent body established by the Federal Government to uphold and advocate for the rights and freedoms of all individuals. As an international student, you are protected under Australian law and have the right to study, live, and work in a safe, respectful, and inclusive environment—free from discrimination, harassment, or unfair treatment.

If you believe your rights have been violated, you can seek help or make a complaint through your education provider, support services, or directly through the Australian Human Rights Commission.

Fair Work Ombudsman (FWO) – Workplace Rights & Pay Information: If you're working while studying in Australia, it's important to understand your rights as an employee. The Fair Work Ombudsman (FWO) is a government agency that helps ensure workers—including international students—are treated fairly under Australian workplace laws.

The FWO provides:

- ✚ Free advice on pay rates, working conditions, and leave entitlements
- ✚ Help resolving issues like underpayment, unfair dismissal, or unsafe work practices
- ✚ Information available in multiple languages

As a student, you have the same workplace rights as any Australian worker. This means you must:

- ✚ Be paid at least the minimum wage
- ✚ Receive correct payslips
- ✚ Work in a safe environment
- ✚ Not be taken advantage of due to your visa status

Opening a bank account

In Australia there are two types of Banking organisations; banks and credit unions. Credit unions are cooperative banks. Each person who has an account with a credit union also has shares in the credit union.

When you open a bank or credit union account in Australia you need to provide identification. You will need to bring your passport and some other forms of identification (for example your student identification card, birth certificate or driver's license or identity card from your home country).

If you apply for a bank account within six weeks of arriving in the country, you need only supply your passport. There are two basic types of accounts:

-  An everyday account which provides you with a cash card for use with 24-hour automatic cash dispensers (ATM Machines) and “EFTPOS” (Electronic Funds Transfer at Point Of Sale) facilities at stores. Some everyday accounts also have cheque book facilities. Accounts with cheque books are subject to a special government tax.
-  Investment accounts -these are designed for people who have a large amount of money to deposit in the bank. Investment accounts pay interest at higher rates than everyday accounts and do not usually have cash card access. Investment accounts are a good place to put your tuition fees.

It is best to shop around for a bank that suits you. Find a bank that has offices near your home and Austra College for convenience. Almost all banks charge fees on their accounts. You should make sure you know what the fees are and when they will be charged. Banks operating in Victoria include:

-  Bank of Melbourne
-  Westpac
-  Bendigo Bank
-  CitiBank
-  Colonial State Bank
-  The Commonwealth Bank
-  National Australia Bank
-  St George Bank
-  Westpac

When you open your bank account the bank will ask you for your Tax File Number.

Australian banks such as ANZ, Bank of Melbourne, Commonwealth, National Australia Bank and Westpac Bank and others have services located in both the city and suburban centres.

Applying for a tax file number

A Tax File Number (TFN) is your unique personal reference number used by the Australian Taxation Office (ATO) to manage your tax and superannuation records. While not mandatory, it's strongly recommended—without a TFN, you may be taxed at the highest rate and could miss out on superannuation entitlements.

How to Apply for a TFN (as an International Student)

Apply Online via the ATO Website:

1. Visit www.ato.gov.au and go to “Apply for a TFN”.
2. Complete the online form (you must hold a student visa).
3. You'll be asked to verify your identity using your passport and visa details through the Department of Home Affairs system—no paper documents required.

4. Submit your application online—no need to visit Australia Post for most student visa holders.

Processing & Delivery

- ✚ Your TFN will be sent by mail to your nominated Australian postal address within 28 days.
- ✚ Keep your TFN secure and private. Only share it with trusted organisations such as your employer, your bank, your super fund, or the ATO.

Why Your TFN Matters

Enables correct tax deductions from your salary.

- ✚ Required for filing a tax return each year (typically between 1 July and 31 October).
- ✚ Necessary to open a bank account, start a job, or claim a superannuation refund when leaving Australia

Entertainment

Australia offers a wide range of entertainment options to help students relax, socialise, and explore the vibrant local culture during their time off from study.

Movies & Cinemas

- ✚ Major chains like HOYTS, Event Cinemas, and Palace Cinemas offer discounted tickets for students—look out for Student Tuesdays.
- ✚ Independent and outdoor cinemas are popular in summer

Music, Festivals & Live Events

- ✚ From international concerts to local music gigs, there's something for everyone.
- ✚ Annual events like Lane way Festival, Melbourne International Comedy Festival, and Melbourne Fringe Festival attract big crowds.
- ✚ Most cities host free cultural festivals, food markets, and seasonal celebrations throughout the year.

- ✚ National parks offer great weekend escapes—many with student-priced tours.

Gaming, Arts & Indoor Fun

- ✚ Visit art galleries, museums, escape rooms, bowling alleys, and arcades.
- ✚ Popular gaming lounges and internet cafés cater to students looking to unwind with friends.

Transport

Getting Around as an International Student Australia has a reliable and well-connected transport system, making it easy to explore your city and travel to and from your education provider. Students studying in Victoria (VIC) will primarily use the Victorian public transport network.

Public Transport Options

In Victoria (surrounding areas), public transport includes trains, trams, buses, and some regional services:

- ✚ Myki Card– Used across Victoria for trains, trams, and buses
- ✚ The Myki card can be obtained online, at train stations, convenience stores, or transport service centres.
- ✚ Fares are calculated automatically based on distance travelled and time of day

Student Discounts

- ✚ International students are generally not eligible for Victorian public transport concessions, unless specific eligibility criteria are met
- ✚ Students should check current eligibility requirements with Public Transport Victoria (PTV)
- ✚ Always carry your student ID when travelling, as it may be required for identification purposes.

Biking & Walking

- ✚ Many areas in Melbourne and other Victorian cities have designated cycling paths and shared pedestrian zones
- ✚ Walking is a practical option for short distances around campuses, city centres, and local neighbourhoods.
- ✚ Students choosing to cycle should follow Victorian road rules, wear appropriate safety gear, and use designated bike paths where available.

Food

Markets and supermarkets in Australia sell a wide variety of fresh meat, fruit, and vegetables, as well as rice, bread, spices, and international ingredients.

Melbourne and other Victorian cities offer a diverse food scene, with restaurants and cafes serving cuisines from around the world, including Chinese, Italian, Japanese, Korean, Indian, Thai, Vietnamese, Lebanese, Greek, Malaysian, Middle Eastern, and European cuisines.

Clothing

Australian students generally dress casually and comfortably. Australians tend to be relaxed about clothing during the day but may dress more formally in the evening or for social events.

If you plan to buy warm clothing, shops in Melbourne and other Victorian locations offer a wide range of options at competitive prices, including winter wear for cooler months.

Computers & Laptops

If you're purchasing a device after arrival:

-  **Major retailers:** JB Hi-Fi, Harvey Norman, Officeworks, The Good Guys
-  **Budget options:** Look for student discounts or refurbished devices
-  **Expect to pay:**
 - **Laptops:** AUD \$600–\$1500+
 - **Tablets:** AUD \$400–\$1000

Adjusting to Your New Campus & City

1. Plan to arrive early before the Orientation and Enrolment period. This will allow you to explore the campus location and new city or town.
2. Choose a good housing option that suits your budget, needs and lifestyle.
3. Consider physical aspects like location and travel time to your campus and household amenities.
4. Talk to Austra College staff if you have questions or concerns.

Student Safety

Australia is a safe and welcoming country, but it's still important to take sensible precautions and know your rights and resources as an international student.

Personal Safety

-  Australia has low crime rates, but always stay aware of your surroundings—especially at night or in unfamiliar areas.
-  Walk in well-lit, busy areas and avoid shortcuts through isolated spaces.
-  Carry a charged mobile phone and let someone know where you are going if you're out late.

Emergency Services

In any emergency, dial 000 for:

-  Police
-  Ambulance
-  Fire services

This number is free to call from any phone in Australia.

Housing Safety

-  Ensure doors and windows have secure locks.
-  Don't share your address or entry codes with strangers.
-  Report suspicious activity to your landlord or local authorities.

Online Safety

- ✚ Never share personal or financial information on unsecured websites.
- ✚ Be cautious of online scams, phishing emails, or fake job offers.
- ✚ Use antivirus software and secure Wi-Fi networks.

Travel & Transport Safety

- ✚ Always follow road rules.
- ✚ If using public transport late at night, sit near the driver or in well-lit areas.
- ✚ Avoid using ride-share or taxi services that are not booked through official apps.

Cultural Adjustment

International students and their families may experience a wide range of feelings and moods when studying or living in Australia. Some may feel excited to see and learn new things or meet new people. Some may feel lonely, stressed, frustrated and homesick. These are all very normal feelings. However, it is very important that you seek help if you find that the process of cultural adjustment is adversely affecting you. Austra College staff including the Student Support Officer are available to assist and discuss any concerns.

Miscellaneous Social Customs

If an Australian is invited to a meal, he or she may take a small gift, chocolates or a bottle of wine, to the host. As a student you are not expected to do this. If Australians tell you to “bring your own plate”, they mean bring a plate with some food to share;

Do not push ahead of others who are waiting in a queue and always wait for people to exit lifts or trains before entering.

It is not polite to ask a person who you have recently met about his or her income, marital status or religion, however after you have formed a friendship this may be acceptable as part of the friendship building process.

Australians generally stand about an arm’s length from each other when in conversation. In general people will feel uncomfortable if you invade this “personal space”

You are not generally expected to tip for services. If the service has been very good, especially in a restaurant, you may wish to do so;

Goods in retail shops are sold at a fixed price, though it is becoming common to ask if a discount is available on large and expensive items, like electrical goods. A little bargaining is commonly used in the open-air markets.

Clearing your throat or blowing your nose noisily in front of others, and not using a handkerchief or a tissue paper are not considered acceptable public behaviour.

Appropriate and Inappropriate Behaviour

Unacceptable behaviour – in many places there are laws against unacceptable behaviour including spitting in public, swearing, talking indecently, behaving in a sexually indecent way, sexual harassment, urinating in public and drinking excessively.

Alcohol – alcohol can be legally served to any person aged 18 or over. It is also a common part of Australian students’ parties. Do not feel pressured to drink if you do not want to. Driving

under the influence of alcohol in Australia is a crime, and drinking excessively is considered socially unacceptable.

Gifts – Gifts are not usually given to trainers/teachers or others in official positions. Offering gifts in these situations can be interpreted as an effort to gain favourable consideration.

Humour – Australians value a person's ability to laugh at him or herself. Comments that might seem disrespectful or inappropriate are usually intended to be humorous icebreakers. These are signs that the person feels comfortable with you, rather than intended to hurt you.

Developing Independent Living Skills

Manage your time effectively. Plan ahead what you have to do and what you want to do in a week or a month.

Balance your study and social life. Studying and living overseas generally happens only once in a lifetime.

Learn how to achieve your academic goals and enjoy your experience in Melbourne (Victoria) at the same time.

Do not be afraid to ask questions.

Discuss your concerns within your peer support network. Keep records of your expenses to manage your budget.

Think about your future. Work out what you want to achieve (both professionally and personally), and how you are going to achieve this.

Consider developing additional skills that you do not have or want to further develop (i.e. joining a cooking class, a time management workshop etc.).

Be familiar with as many support services and facilities as possible.

Come and talk to us, you do not need to come with a problem. We are happy to simply listen to your experience or share our experience with you.

Austra College will ensure that any confidential information acquired by the business, individuals, committees or organisations acting on its behalf is securely stored.

Principles of Training and Assessment

Training and assessment strategies developed by Austra College will adhere to the following principles:

-  training and assessment strategies are developed for each qualification/unit of competency that will be delivered and assessed;
-  all training programs will require the development of a training and assessment strategy for full and partial completion of a qualification;
-  each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders;
-  training and assessment strategies will reflect the requirements of the relevant training package and will identify target groups;
-  training and assessment strategies will be validated annually through the internal review procedures.

Principles of assessment

At Austra College, assessments are designed to make sure every student has a fair and equal chance to demonstrate their skills and knowledge. All assessment practices comply with the Principles of Assessment as required under the Standards for RTOs 2025. All assessments follow these important principles:

Fair: You'll receive clear instructions and be told what to expect before your assessment. If you have special needs or personal circumstances, you can request reasonable adjustments to help you succeed.

Flexible: Assessments may be adapted to suit your learning style or background. You might be assessed through different methods like written work, practical tasks, or verbal questions. Recognition of prior learning (RPL) or previous experience may also be available.

Valid: The assessment must test the exact skills and knowledge described in your course. The work you submit should directly relate to what you are learning in your unit of study.

Reliable: Your results should be consistent and fair no matter who assesses you or when it's done. If you perform the same way, the outcome should always be the same.

Rules of Evidence

To ensure your assessment is fair and meets national training standards, the evidence you provide must follow these four rules:

Valid: Your work must show the skills and knowledge that are specifically required for the unit you're being assessed on. It should match what the course expects you to know and do.

Sufficient: You need to provide enough evidence to prove that you are competent in all parts of the unit. One piece of work usually isn't enough — your assessor needs a complete picture of your abilities.

Authentic: The work you submit must be your own. It should not be copied from someone else or completed by another person. Your assessor must be sure that the evidence reflects your performance.

Current: Your evidence must show that your skills and knowledge are up to date. It should reflect what you can do **now**, not something you did a long time ago.

Assessment Policy

Austra College acknowledges the critical role that assessment plays in determining the competency of students. In developing the assessment (including RPL) for each qualification and unit of competence, the CEO will ensure:

-  Compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course
-  Assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF)
-  Assessment complies with the principles of competency-based assessment and informs the student of the purpose and context of the assessment
-  The rules of evidence guide the collection of evidence to support the principles of validity and reliability
-  The application of knowledge and skills is relevant to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment
-  Timely and appropriate feedback is given to students
-  All students have access to re-assessment on appeal

Austra College implements an assessment system that ensures that assessment (including Recognition of Prior Learning) complies with the assessment requirements of the relevant training package or VET accredited course. Austra College recognises that each unit of competency contains assessment requirements relating to; performance evidence, knowledge evidence and assessment conditions.

Preparation and Submission of Assessment

Austra College may use the following assessment methods to evaluate the learner competency:

-  Written/Oral tests
-  Workplace Assessment
-  Observations
-  Role-plays
-  Workbooks
-  Written Tasks
-  Demonstration
-  Third party reports and observations
-  Projects
-  Other assessment methodologies which align with the qualification and learner requirements

In keeping with the principles of competency-based assessment, the determination of competence will be based on the evidence gathered at least more than one occasions, rather than on isolated assessment activities or events.

Work placement may apply and relate directly to your course and assessment requirements. Check our website and/or course materials for work placement requirements.

Trainers and Assessors will gather evidence of competencies over the duration of the Training Program. Throughout each unit of competency, there will be a variety of assessment tasks, and you will be consulted during this process to ensure that your individual learning style is taken into consideration.

Don't be hesitant about assessment tasks, as they are designed to find out how you are progressing with your learning and what progress you have made towards achieving the required competence. More formal assessment strategies are used to consolidate the evidence bank that you have been developing.

Allowed attempts to demonstrate competency/ Reassessment

Austra College allows learners two opportunities to be assessed as competent. Should a learner not achieve competence after two attempts, then it will be recommended that they repeat the unit of study. After they have exhausted three opportunities will be required to pay a fee for additional training and re-assessment. Please refer Fee Management and Refund Policy for more information.

Evidence of competence

Evidence may include:

-  Knowledge test
-  Trainers and assessors' observation notes
-  Project work
-  Practical observation
-  Checklists
-  Demonstration of skills

-  You are encouraged to provide feedback on your learning experience, including:
 - Training delivery
 - Assessment strategies
 - Learning resources and support services

Your feedback is valued and helps us improve our programs and services.

Course Monitoring and attendance

As an international student, you must maintain satisfactory course progress and comply with your student visa requirements. Austra College is committed to supporting you to stay on track and complete your course within the duration of your Confirmation of Enrolment (CoE).

Your course progress is monitored against the training timetable and assessment schedule provided to you at course commencement.

How your course progress is monitored

Your progress is checked in two ways:

-  monthly progress checks to identify any early concerns
-  formal quarterly course progress reviews to assess whether you are completing the units scheduled for that study period.

To maintain satisfactory course progress, you are expected to complete the units scheduled in your training timetable for each quarter.

Standard units: For units that do not include work placement, you are expected to complete all required assessments and achieve a Competent (C) outcome within the scheduled study period.

You may be identified as At Risk if:

-  you do not complete a scheduled unit on time
-  you receive a Not Yet Competent (NYC) outcome
-  you do not submit required assessments.

Placement units: Some units include both:

-  theory assessment, and
-  workplace practical assessment.

For these units:

-  the theory assessment must be completed before you start work placement
-  the workplace practical assessment is completed during or after placement.

A placement unit is only fully completed when both parts are marked Competent.

You may be identified as At Risk if:

-  your theory assessment is incomplete before placement
-  you are not ready to start placement
-  your placement does not start as scheduled
-  your workplace practical assessment is not completed after placement.

Support for students at risk: If you are identified as At Risk, Austra College will contact you in writing and invite you to attend an intervention meeting.

At the meeting, we will discuss your progress and any barriers affecting your studies. We will then develop an Individual Intervention Plan (IIP) with you.

Your support plan may include:

- additional tutorial or study support sessions
- English or LLND support
- one-to-one mentoring or academic counselling
- revised assessment arrangements
- reassessment opportunities
- referral to personal counselling or external support services.

Your progress will then be monitored regularly, and support strategies may be adjusted as needed.

Unsatisfactory course progress: If you do not make satisfactory progress across two consecutive study periods while on an intervention plan, Austra College may issue you with a Notice of Intention to Report (NOIR).

This notice will explain:

- why the College intends to report you
- your right to access the Complaints and Appeals process
- the 20 working day timeframe to lodge an appeal.

If you do not appeal, withdraw from the appeals process, or the outcome supports the College's decision, Austra College may report you through PRISMS. This may affect your student visa, so you may also be advised to contact the Department of Home Affairs.

Attendance Requirements

Stay on Track – Your Attendance Matters

To meet your student visa requirements and succeed in your studies, you must maintain a minimum of 80% attendance. Austra College is committed to supporting your progress and wellbeing by proactively monitoring attendance and offering early help when needed.

You are expected to maintain at least 80% attendance. Attendance is:

-  Recorded daily by trainers
-  Reviewed monthly to identify students needing support

Compassionate or Compelling Circumstances

We understand that sometimes personal or medical situations can affect your studies. If your attendance or progress is impacted by:

-  Serious illness or injury
-  Family bereavement
-  Natural disasters
-  Legal issues or trauma

please speak with Student Support and provide supporting documents. We may allow exceptions and delay reporting if you're engaging and making progress.

Keeping Records

All intervention meetings, support plans, and communication will be documented and kept in your student file for at least two years after you finish or leave the course.

National Recognition - Recognition of Prior Learning (RPL) and Credit Transfers (CT)

All learners will be offered the opportunity to apply for Recognition of Prior Learning (RPL) and Credit Transfer. Learners can apply for RPL or Credit Transfer prior to commencement of the course and delivery of the relevant unit(s). RPL and Credit Transfer will be offered and processed according to Austra College's Recognition of Prior Learning (RPL) Policy and Credit Transfer Policy.

Recognition of Prior Learning (RPL)

Prospective learners are informed of their right to apply for RPL at pre-enrolment, enrolment, and course commencement stages. Austra College Recognition of Prior Learning (RPL) Policy outline in detail the specific RTO process to be followed for granting RPL.

Learners can demonstrate competency through formal, non-formal and informal learning:

1. Formal learning refers to learning that takes place through a structured program of instruction and is linked to the attainment of an AQF qualification or statement of attainment (for example, a certificate, diploma or university degree);
2. Non-formal learning refers to learning that takes place through a structured program of instruction, but does not lead to the attainment of an AQF qualification or statement of attainment (for example, in-house professional development programs conducted by a business); and
3. Informal learning refers to learning that results through the experience of work-related, social, family, hobby or leisure activities (for example the acquisition of interpersonal skills developed through several years as a sales representative).

Learners are encouraged to apply for RPL prior to or immediately after formal enrolment but prior to the facilitated delivery of units to ensure that they do not miss any learning opportunities offered should they be unsuccessful in the RPL process.

Important for International Students

-  If you are granted RPL and your course becomes shorter, we will:
 - Issue a revised Confirmation of Enrolment (CoE)
 - Report the updated course length to PRISMS
-  You will receive a written outcome letter confirming your RPL results.
-  The signed outcome is kept on file for 2 years after your enrolment ends.

Credit Transfer

Austra College recognises the AQF Qualifications and Statement of Attainments issued by any other Registered Training Organisation. Credit Transfer (CT) allows you to gain recognition for previously completed

units of competency that are the same or equivalent to those in your current course. This can reduce your study load and possibly shorten your course duration.

When Credit Transfer Applies

You may be eligible for CT if you provide:

-  A valid AQF Statement of Attainment or Testamur, or
-  An authenticated USI transcript, showing you have completed the same or equivalent unit(s).

The units must:

-  Have the same code and title, or
-  Be officially marked as “equivalent” on training.gov.au

International Students

If CT is granted:

-  Your CoE (Confirmation of Enrolment) and course duration will be adjusted accordingly.
-  We will report any course length changes to PRISMS, as required by the National Code 2018

How to Apply for Credit Transfer

1. Request a Credit Transfer Form from Student Support or during orientation.
2. Submit the form along with your official documents (e.g., AQF certificate or USI transcript).
3. **Wait for Review:** We will verify your documents, check unit equivalence, and notify you of the outcome.
4. **Receive Your Outcome:** If approved, your training plan and CoE will be updated.

Students are informed of their right to apply for CT at pre-enrolment, enrolment, and course commencement stages. Austra College Credit Transfer Policy outlines in detail the specific RTO process to be followed for granting Credit Transfer.

Transitioning to New Qualifications

From time to time, training packages are updated by the industry, and this may lead to changes in qualifications or units of competency (e.g. a unit may be superseded, deleted, or replaced). Austra College follows a clear process to ensure students are supported during these transitions.

What You Can Expect

-  If your course or unit is affected by a change to a training product, we will:
 - Inform you as soon as practicable about the change
 - Clearly explain how the change may impact your course or study plan
 - Make sure any transition occurs in line with national requirements and does not disadvantage you

Transition Process

If a qualification or unit you are enrolled in becomes superseded, you may be:

-  Consulted and offered the option to transition to the replacement qualification or unit, as soon as practicable
-  Provided with advice about any new or additional requirements, such as assessments or training hours
-  Offered the option to continue and complete your current qualification or unit within the approved transition period.

Student Notification

-  You will be notified of changes through:
-  Email or student portal announcements
-  Direct contact from the Student Support Officer or your trainer
-  Updated course documentation and guidance

Protecting Your Fees in Australia

As an international student studying in Australia, your tuition fees are protected by the Tuition Protection Service (TPS)—a government-backed initiative that ensures you won't be left out-of-pocket if your education provider can no longer deliver your course

Where a learner faces financial hardship, Austra College shall make every effort to propose a payment plan, acceptable to the learner that reflects the individual learner's circumstances.

Unique Learner Identifier (USI)

A USI is required by all Australians undertaking nationally recognised training. It allows students to link to a secure online record of all qualifications gained regardless of the provider. This system was implemented by the Australian Government in 2015, so it will show student achievements from 1 January 2015 onwards.

A USI is required by all Australians undertaking nationally recognised training. It allows students to link to a secure online record of all qualifications gained regardless of the provider. This system was implemented by the Australian Government in 2015, so it will show student achievements from 1 January 2015 onwards.

Austra College cannot issue Certificates or Statements of Attainment without a USI. Therefore, it is mandatory that all students supply their USI upon enrolment.

If you do not have a USI, please visit <https://www.usi.gov.au/students/create-your-usi> for more information, and instructions on how to apply.

Your USI will help keep your training records and results together in an online account controlled by you. Each time you enrol to study with a new training organisation, your USI will be used to store your training records and results.

By having a USI you will be able to access your training records and results (or transcript) whenever you need them. For example, for a new employer or when you enrol to study at a new training organisation. Your USI can be accessed online from your computer, tablet or smartphone and gives you access to your training records and results at your fingertips. For further information about the USI can be found at:

<http://www.usi.gov.au/Pages/default.aspx>

Should a USI exemption apply, the student is made aware before enrolment or training that their training results will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the USI Registrar

USI Exemptions apply according to the following criteria:

Exemption categories are:

- ✚ International students who complete all requirements for their VET qualification or VET statement of attainment outside Australia.
- ✚ An individual who has completed all the requirements for the VET qualification or VET statement of attainment before 1 January 2015.

- Students who demonstrate a genuine personal objection to being assigned a USI. This exemption can only be granted by the Student Identifiers Registrar.

Referencing

Assessments must be your own original work. If you use another person's ideas, writing or work and do not acknowledge the original source, you are committing plagiarism. Referencing is a way of showing that you are engaging with the literature in your subject area without plagiarising.

Referencing serves several important purposes:

- Acknowledges sources of information, so you are not accused of plagiarism
- Demonstrates the depth and quality of the research you have done
- Allows others to locate sources you have used if they wish to know more

A guide to referencing

SOURCE OF INFORMATION	SHOULD YOU PROVIDE A REFERENCE?
Books, newspapers, journals, magazines, theses, conference papers, reports, pamphlets (published or online)	Yes
Case law, legislation, parliamentary debates, treaties	Yes
The internet	Yes. It is a common misunderstanding that information on the internet does not need acknowledgement. You should use material found on the internet with caution, as it may be unreliable or out of date.
TV, radio, scripts	Yes. While you are listening, you should note the program name and the date of broadcast. Sometimes it is possible to obtain a transcript to check that you have heard correctly.
Videos, films, DVDs	Yes. There are specific conventions for referencing visual media.
Lectures	It depends. There are three possibilities: - If the lecturer mentions something which is general knowledge, there is no need for the lecturer, or you, to provide a reference. - If the lecturer presents her/his own idea, you should reference this as the lecturer's idea. - If the lecturer presents another author's idea, you should refer to both sources: the original author, and the lecturer who presents the idea. <i>However, in most cases, instead of relying upon your lecturer's reference, it would be more valuable for you to read the original author yourself.</i>

Illustrations, images, artwork, tables, graphs, programming codes	Yes. You need to acknowledge the source of drawings, photographs, graphs, designs, tables, programming codes and all other examples of non-verbal information that you use in your work.
Quotations	Yes. In referencing quotes, be careful to use quotation marks, and be careful not to change any words.
Paraphrases, summaries	Yes. When expressing the information or ideas of someone else in different words or in a briefer form, you must still acknowledge the source of the information or ideas.
Common knowledge	You don't need to provide a reference for common knowledge - that is, information shared by many people. It is sometimes difficult to know what is and what is not common knowledge in your field of study. If you read or hear the same information many times from different sources, it is probably common knowledge. Common knowledge usually includes major historical events, famous people and geographic areas that are known about by educated people throughout the world, not just in the country in which they occurred. If the information is not common knowledge, you should provide a reference. This shows your reader that the idea is held by an expert in the field. It also demonstrates to your lecturer that you have been reading academic texts.

Plagiarism

Plagiarism is taking the words, theories, creations or ideas of another person and passing them off as your own.

Plagiarism can be deliberate – copying a passage from a book or journal or pasting something from the internet into an assignment without referencing the original source.

You can also commit inadvertent plagiarism which is where you unintentionally repeat some of the information you have read in the course of your research. You must ensure you do reference all material that comes from another source so question yourself as to whether you have read the information elsewhere and go back to your sources to locate the reference.

Plagiarism can also result from not referencing correctly. You must ensure you know how to reference your work using the style advised by your trainer/assessor.

Consequences of Plagiarism

At Austra College, academic integrity is taken very seriously. This includes how students use Artificial Intelligence (AI) tools like ChatGPT, Grammarly, QuillBot, or others. All work submitted must reflect your own understanding, skills, and knowledge. All forms of plagiarism will be taken seriously - deliberate or not!

Plagiarism is a serious issue that can result in failing an assignment, or even having to leave the course.

Your Responsibilities

As a student, you must:

Submit your own original work

- ✚ Not use AI tools unless approved
- ✚ Always acknowledge sources if you receive help from tools, people, or websites

Refer Academic Integrity and Plagiarism Policy (Including AI) for more information.

General Information - The Australian Qualifications Framework and lifelong learning

The purpose of Australian Qualifications Framework (AQF) is to provide a comprehensive, consistent framework for all qualifications offered on a national basis in post-compulsory education and training. The framework aims to encourage lifelong learning.

The Australian Qualifications Framework (AQF) attempts to do so by providing individuals with better scope to progress through the levels of education and training by improving access to qualifications, by more clearly defining avenues for achievement and by promoting national and international recognition of qualifications offered in Australia.

AQF Commitment

Flexible

Transparent

Systematic learning
pathways

Removal of
boundaries between
educational sectors

The AQF makes a specific commitment to flexible, transparent and systematic learning pathways and to the removal of boundaries between educational sectors.

Lifelong learning implies a dynamic view of education and training, building strong linkages between learning at different stages of life and in a wide range of settings and partnerships rather than just looking at various forms of education and training provision in isolation from each other. The departures from existing views of education and learning are substantial. They involve recognition of a wide range of learning modes, strengthening the motivation to learn (wide range of learning opportunities, opportunity to combine classroom learning with learning in work settings etc.), and providing a wide variety of pathways not constrained by rigid notions of formal education and training.

Many of the goals of the AQF support such an alternative view of education and learning needed to promote lifelong learning. These goals include:

-  Bringing together the qualifications issued by the schools, VET and higher education sectors into a single comprehensive system of titles and standards
-  Supporting flexible education and training pathways between sectors and lifelong learning
-  Encouraging parity of esteem between academic and vocational qualifications
-  Offering flexibility to suit the diversity of purposes of education and training and provide for the differences in the constitution of the sectors
-  Encouraging cross-sectoral partnerships
-  Underpinning national policies, in particular on quality assurance and articulation and credit transfer.

Graduating from Austra College or another Australian Qualification Framework (AQF) provider can qualify you for entry to University.

Benefits of obtaining an AQF Nationally Accredited Training Qualification

-  Obtaining a qualification is the first step to a rewarding career or advancement in your existing career or workplace.
-  Learners receive a nationally recognised industry qualification.
-  Learners are provided with knowledge and skills enabling them to develop a career path.
-  Each training program is tailored to your training and personal development requirements.
-  Learners have a personal Training Plan which reflects their skill development needs.
